

# Introducing GaragePay from GDS

1

## Send

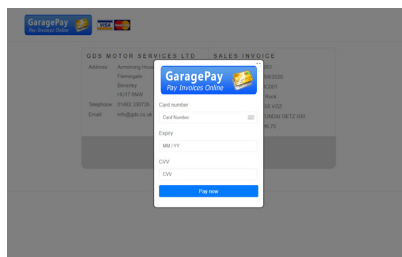

Create your invoice as usual in GDS and send it to your customer's phone straight away.

2

## Review

Customers can review their invoice instantly simply by clicking the link.

3

## Pay

Customers can pay their invoice immediately from wherever they are.

4

## Receive

Their invoice is marked as paid within your GDS software.

## How does this benefit me?

- Get your money faster
- Free up your employees' time
- No additional license cost for GDS customers

## How does this benefit my customers?

- Quick and easy
- No need to queue and pay when they collect their car
- The mobile journey they expect
